

THE SESSION CLOSED

Grand Lodge of Odd Fellows Adjourned Last Evening.

J. M. BREEZE IS THE G. M.

L. E. HUBBARD ELECTED DEPUTY GRAND MASTER.

Other Grand Officers Who Will Serve During the Coming Year—Words of Praise and Appreciation For the Retiring Grand Master W. O. Carbis—Sympathy For Cuba Expressed By Resolution.

The two days' annual session of the grand lodge of the I. O. O. F. ended last evening. The session was in every respect most successful. A large amount of very important business was transacted with harmony and in a spirit of true fraternity.

The election of grand officers took place yesterday, and John M. Breeze was honored by being chosen grand master, to succeed W. O. Carbis, whose term has ended. Mr. Carbis' administration was most satisfactory. His respect and reflects great credit upon himself, and was productive of substantial advancement to the order.

At yesterday's session the sympathies of Odd Fellows for the suffering Cubans were expressed in the following resolution, introduced by Representative Axton, and adopted: "Resolved, That the grand lodge place upon its records an expression of its sincere and heartfelt sympathy for the suffering brethren in the island of Cuba, who are at this time under the yoke of a merciless tyrant. A horrible state of suffering exists on that unhappy soil, and those who love humanity and seek to alleviate its sufferings are forbidden to do so. May the All-Wise Ruler, in his infinite mercy and goodness, grant divine guidance and final triumph to the patriots."

The second day's session was one of diligent, persistent business. Several resolutions were introduced and acted upon which changed some of the local laws and simplified the mode of procedure in lodge work.

Rebekah awes were modified to a certain extent. In the afternoon, the orators of the order had an opportunity to display their powers, and all became interested in the discussions before the assembled representatives.

OFFICERS INSTALLED.

At the evening session the following officers were installed:

John M. Breeze, grand master; L. E. Hubbard, deputy grand master; A. T. McConn, grand warden; W. J. Moore, grand secretary; W. F. House, grand treasurer; Theo. W. Whitley, grand representative.

Appointed officers: C. W. Burris, grand marshal; J. M. Adams, grand conductor; John M. Hays, grand guardian; A. A. Sumner, grand herald; W. S. Galey, grand singer; A. B. Williams, grand chaplain.

District deputy grand masters: District No. 1, H. M. Elmer; No. 2, Sylvester Owens; No. 3, C. J. Humphries; No. 4, Francis Schuyler; No. 5, J. L. Forbes; No. 6, Arthur J. Cushing; No. 7, John F. Herr; No. 8, Newel Knight; No. 9, Robert T. Bengey; No. 10, T. W. Wilson; No. 11, A. E. Wilson; No. 12, A. H. Parsons; No. 13, H. J. Vincellette; No. 14, W. C. Ritter; No. 15, D. J. Thurman; No. 16, George B. Squires; No. 17, F. M. Plimmo; No. 18, C. W. Collins.

Rebekah lodge: District No. 1, Mrs. Lizzie Kilprie; No. 2, Mrs. I. H. Sprague; No. 3, Mrs. Lottie E. Hubbard; No. 4, Mrs. E. H. Adams; No. 5, Mrs. Ruth McAdams; No. 6, Mrs. Mary E. Roberts; No. 7, Mrs. Della Clavis.

THE APPOINTMENTS SATISFACTORY.

The grand master's appointments of district deputies will give universal satisfaction, as the selections were made after mature investigation of the fitness of the appointees.

Brother H. E. Betts of Payson lodge, No. 18, made a very fine speech. Grand Representative Thomas was at his best, and several times made ringing addresses in favor of measures which were before the grand body for action.

Grand Guardian Hoge of the sovereign grand lodge was not only an interested spectator, but took an active interest in the business of the session, and his counsel was accepted in many cases.

Past Grand Master Hoge received a unanimous expression of congratulation on his recovery from a recent severe illness.

Judge Breeze, on assuming the chair of grand master, made a well-timed and eloquent speech to the assembled members.

PRAISE FOR CARBIS.

Grand Representative Thomas made a good address after installation ceremony, showing what had been done by the presiding officers during the past few years. The officers have respected their obligations, and our respect grand master, W. O. Carbis, is entitled to the commendation of the members generally. Brother Thomas, in behalf of many friends, presented Brother Carbis with a very beautiful past grand master's badge.

Past Grand Master Carbis responded in a feeling manner. He appreciated the many occasions when his fellow workers had assisted him in carrying out the work of the order.

Representative W. I. Snyder of Park City lodge, No. 7, was a faithful worker. It was good to see such men as Past Grand Master Carbis, and as W. F. House of Cortina lodge, for the good of the order.

The present session of this grand body has been one of the most profitable ever held. Good feeling prevailed at all times, and the representatives were men who knew what the order needed in the state, and worked conscientiously during the two days' session.

Quite a number were present at the evening session to witness the installation ceremonies.

The retiring grand master received a vote of thanks from the grand body in a manner of conducting his office.

A very interesting address was made by Past Grand Master Stockwell of Colorado. He related the story of his education on its able representatives and the laborers so conscientiously performed. Brother Hallum, P. G. of Blue River lodge, Colorado, also made a good address and received from the grand body each a souvenir of their visit to Utah.

Grand Secretary W. J. Moore has faithfully performed his duties and deserves the gratitude of every representative for his courtesy, conscientious and useful methods.

The grand lodge adjourned sine die after singing "America."

SIXTEENTH IS COMING

Regiment Will Pass Through Salt Lake On Saturday.

GIVE THEM A RECEPTION

SUGGESTION MADE YESTERDAY THAT MEETS WITH FAVOR.

Duchess Troops Will Also Move On Saturday—Rates Announced—Comptroller Hubbard of the Short Line Will Arrive From Boston Today—Notes.

The Sixteenth Infantry will come down Saturday and will doubtless be here some time during the day. It is the intention to get here in daytime, if possible, and a suggestion has been made that the citizens here ought to give them a reception upon their arrival. There will be 27 cars, all told—one standard sleeper, 11 tourist sleepers, one baggage car, six stock cars, four flats, which will be in two sections. So says a telegram from Superintendent O'Brien of the O. R. & N. to Calvin of the Short Line, received yesterday.

The Sixteenth is scattered over the country, ten officers and 308 men being at Fort Sherman, four officers and 88 men at Boise barracks, and four officers and 118 men at Fort Sherman. The troops will be consolidated at Nampa and will come right down on the Short Line to Ogden, where they will be handed over to the Rio Grande Western.

The route from here is over the Rio Grande Western to Grand Junction, the Denver & Rio Grande to Pueblo, the Missouri Pacific to Coffeyville, Kansas, the Iron Mountain to Texarkana, and the Texas & Pacific to New Orleans.

The movement of the Fort Duchesne troops takes place Saturday, the command having left the post yesterday. They will arrive at five on Saturday. There are 113 men, five officers, 119 horses and 12 mules to transport, and the necessary cars and a rate of \$20 put in for the biennial meeting of the General Federation of Women's Clubs at Denver, June 21 to 23. Tickets are available, and returning, with choice of routes.

Notes and Personals.

Charles H. Hubbard, comptroller of the Short Line, will arrive in the city from Boston today, on his regular visit. He will be here for a few days. The Short Line went north yesterday to inspect the laying of steel west of Pocatello.

Plenty of Volunteers.

Will be no trouble in re-organizing battery A.

Holding Back For War, But the Recruits Are Already Being Drilled—Major Stanton Recruiting Two Companies of Infantry.

The halls of the armory were crowded yesterday with stalwart young men, all anxious to enlist in the new battery or any other division of the guard in which more warriors were required. The applicants are so numerous that Captain Webb, who is in charge of the recruiting, is in danger of being overcome with pen paralysis.

Several would-be recruits went through the rigors of a medical examination yesterday, and as a result many of them have left with dejected faces and crushed hopes.

It is probable that the reorganization of the battery will not be fully completed until the governor has called for volunteers. The expectation is that there will then be a big rush of volunteers and from the big supply of eligible men in the city.

A very competent battery can soon be placed on a war footing. The battery, if it is called out, will have to have in its ranks almost all manner of craftsmen, such as shoe and harness-makers, and men experienced in the handling of horses will be required. Some of the new applicants are already being drilled, and R. W. Young's plan is to have all the new recruits given as thorough a course of instruction in battery as possible in the probable limited time that remains.

MAJOR STANTON RECRUITING.

A large steamer which floated from the third story of the G. A. R. building gave notice yesterday that behind the steamer was an officer for recruiting volunteers. Major Stanton is in charge of the office. He says the recruiting will begin this morning. The plan is to form two companies, comprising 200 volunteers, whose services will be proffered to the governor when the booming of artillery announces that hostilities have commenced.

Invitation Declined.

Detroit Free Press: "I will make you eat your words, sir," said the irate one, blusteringly.

"Thank you, but I have just dined," replied the calm one, as he moved off, twirling his moustache.

A SERIOUS ACCIDENT.

Rendered Unconscious and a Contusion of the Spine May Result Fatally—He Fell Only 12 Feet.

McCurdy was formerly a resident of Tacoma and Cripple Creek. He has lived in Salt Lake about a year.

What will doubtless prove to be a very serious accident happened to Frank McCurdy, a carpenter, yesterday forenoon at a new house, upon which he was working, on Eleventh South street. He fell from a scaffold to the ground, a distance of about 12 feet, striking upon his shoulder. The fall rendered him unconscious, and Dr. Croxall was summoned. St. Mark's hospital ambulance was called into requisition to convey the injured man to his home at the Cliff House. Dr. Korr took charge of the case.

The unfortunate carpenter sustained a contusion of the spinal cord, and as a consequence there is almost complete paralysis of his legs and bladder. It is necessary to keep him under the influence of opiates to make him insensible of excruciating pain. His condition last evening was but slightly improved.

A consultation of physicians will be held this morning, but it will be impossible to predict the outcome until the character of progressive symptoms is noted.

Abner S. Baker, the founder of Fort Morgan, died at Denver on Monday.

The last remnant of the ill-fated herd of cattle, which was at one time the greatest in the west, was sold at Denver last Monday. The herd was started in 1865 by John W. Bluff, who marketed 11,000 and 15,000 head each year. Monday's deal covered 7,000 head.

Judge Harris of Colorado Springs has decided that a mining stock exchange has no legal status, and its transactions cannot be enforced in court.

FEASTINGS FOLLOW FASTINGS.

Some Rare Delicacies to Tempt Easter Appetites.

The custom of attending a so-called "Sunrise service" on Easter morning, is becoming so general that it is changing in a great measure the character of the breakfast of that day. For the wine housewife realized how wonderfully early rising sharpens the appetite and spreads her table accordingly.

If possible there should always be one dish at this meal that is a surprise and kept for this Easter morning alone. The writer has succeeded in inventing one that is beautiful in appearance, and of delicious flavor and within the means of the provider with the slender purse. It is gladly given to our readers as an "Easter surprise."

JELLIED EGGS.

For six persons a quart of clear, strong, amber tinted bouillon will be required. This should be delicately flavored with celery, fried onion and other vegetables. A good quality of beef paste may now be had at 25 cents per jar. Quarter of this, six cents worth, will make a quart of bouillon of the desired richness and color of color, onion, etc., is simmered in for a few moments to add vegetable flavor, when it is prepared from the chopped beef as for invalids if desired.

The onions fried a dark brown will give the amber tint, it is to be strained boiling hot upon a half box of gelatin which has been soaked for few moments in half a cup of cold water bouillon.

While this is becoming thoroughly colored and ready to set, there is plenty of time to boil six eggs hard, when they are to be popped into cold water for a minute, carefully removed from the shell, and white cut open in such a manner as to allow the yolk to fall out in a perfect ball, and yet not spoil the white. By marking the egg in boat shape this may be accomplished.

To have the eggs properly in the center of the meat jelly involves a secret. This is to allow half of the bouillon to begin to "set" on the ice while the remainder is kept liquid. The jellied half will hold the round yellow balls and desired distance apart, and liquid, which should be cold enough to be on the verge of becoming firm, is now poured on the whole set aside to harden, and behold, there are the golden balls cunningly imprisoned, reminding one of the king (Alfred, was it?) and his question as to how the apple got into the dumpling. Not only does this dish look appealing as a whole, when served on a glass or other dainty stand, but each helping is a lovely bit of the true sunshine color that should form the scheme not only of this breakfast of Easter day, but of the whole year.

The whites of the eggs will serve to make a surprise dish for luncheon or tea. If garnished with parsley, filled with the mushrooms or finely chopped cold ham and chicken. If successful in keeping in neat boat shape, a sardine may be placed in each one, with good effect.

A PUDDING FOR THE BEEF.

Turkeys are out of season when Easter comes, and for those who do not thus early indulge in broiled chicken, a particularly nice roast of beef is the piece de resistance for dinner. A Yorkshire pudding baked under this joint will form a fine variation for Easter, and is always, if properly light and well browned, a favorite with the men of the family.

dollars was distributed among the eastern stockholders, and before that a much larger sum was similarly divided. They are of the opinion that the day of big cattle holdings is drawing to an end, and it took advantage of the high prices for stock. The same procedure has been followed during the past year by the Big Territory-Embar Cattle company of Fremont county, Wyoming.

About 250 miners at Diamondville coal mines in Uinta county went out on a strike last week. Their principal cause of grievance is that the average "wage" is only \$1.50 instead of \$3 to \$3.50 as has been erroneously reported. The strike was settled by concession to the men by the company.

Coal oil has been shown to exist by the sinking of a well between Horn's Fork and Fossil in Uinta county. Samples of the oil were sent to experts in Pennsylvania, who say it is as good as the best, carrying 55 per cent of lubricating oil. James Rosenbury, Arthur Robinson and Hamm & Arnold of Evanston have bought 1,200 acres of the oil land and will begin development at once. They expect to get an oil flow at a depth of 300 feet.

Game Warden Swan has made arrangements to purchase 10,000 black bass, which will be placed in the streams in the western part of the state, mostly in Grand and Gunnison rivers. He is now shipping large numbers of rainbow trout to the western counties.

padding sticky is to impress upon the cook that the flour in the batter must be measured with a light hand. For instance, the four or six eggs to the quart are sufficient of themselves to thicken the milk, the flour is to add substance without impeding lightness. Try the following recipe for Easter day and the roast beef will rarely be served without the famous Yorkshire pudding.

Measure lightly six tablespoons of flour and sift it with one-fourth teaspoon of baking powder, beat the white and yolks of six eggs separately and measure out a quart of milk. Do not wet the flour until half an hour before the beef is done, then mix up the batter quickly, beat the stiffened whites in liberty at the last, pour the fat from under the beef, then put it back on the stand in the middle of the pan, which should still be hot, allow 35 minutes to bake, first on the bottom of the oven, to insure a well-baked under crust, and then on the top shelf for the crisp brown upper. Cut the pudding in slices and place about the meat or on a separate dish if preferred. This dainty, delicate pudding will be found very different from the soddened mass too often served under the same name.

A hot chocolate russe will make an excellent variety for Easter day, and will be new to most families. Make a light short cake, line a buttered mold or bowl with slices of this when it is baked; it may be cut with a warm (but not hot) with a silver knife. Fill with any hot juicy fruit, or a mixture such as plums and peaches; put in the hot oven a moment to make up for the cooling of the crust while cutting and serve with hard sauce or whipped cream.
